

Oh My Darlin' Frankenstein

(Sing to the tune of "Oh My Darlin' Clementine")

- 1) I was working, with my test tube, in my laboratory fine, When one day I broke my glasses and I made poor Frankenstein.
- 2) He was handsome, he was charming, and I nailed his head on tight, His teeth were nice and pearly, and his eyes came out at night.
- 3) Frankenstein helped in the kitchen, he was making up a cake, When he fell into the mixer, and got mixed up by mistake.
- 4) Cooking nicely in the oven, Oh the cake it came out fine. Told my friends those lumps were raisins, but those lumps were FRANKENSTEIN!

HAPPY HALLOWEEN!
